

R38 Trust Online Enhancements

The following enhancements to Trust Online are tentatively scheduled for *Thursday, June 17th, 2010*:

1. New "Call-In" Passkey

As an added security feature, a new Call-In Passkey has been implemented to protect the confidentiality of your firm's claim inventory. This passkey is provided for firms that *call* in to the Facility for claim information and can be located on the General Page of each claim.

NOTE: Starting **July 1, 2010**, all Firms must provide the Facility with this new "Call-In Passkey" whenever inquiring about any claim information, such as the status of the claim or questions about specific deficiency codes. The Facility can not provide callers with any information if they can not provide this Passkey.

2. Claim Search Results UPDATES

The Claim Search results grid has been updated to include the **Date Received** field. This field will only appear when the "Extended" and "Export All to File" Results View has been selected.
