October 26, 2015

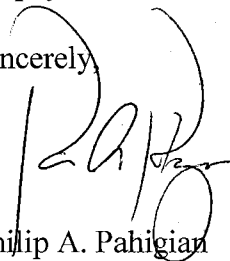

Dear Claimants and Claimants' Counsel:

Section 4.2 of the Trust Distribution Procedures requires that the Trustees of the United States Gypsum Asbestos Personal Injury Settlement Trust reconsider the payment percentage for asbestos claims if they deem such reconsideration to be appropriate. Upon the recommendation of the Trust's advisors, the Trustees deem such reconsideration to be appropriate at this time, and have directed the Trust's advisors to provide a report and recommendations regarding a reconsidered payment percentage.

The Trustees will re-determine the payment percentage not less than thirty (30) days from the date of this letter. Assuming the claimant received a release prior to the announcement of a proposed change to the payment percentage, each claimant will have until the later of (i) the date of the proposed payment percentage change or (ii) thirty (30) days following receipt of that release to return a properly executed release in order to qualify to receive the current payment percentage.

Please be aware that failure to return a release within thirty (30) days of receipt could adversely affect your rights. Similarly, if after the consultation and consent requirements of the TDP and Trust Agreement have been met, a revised payment percentage is adopted by the Trust that is higher than the current payment percentage, claimants who received payments based on a lower payment percentage shall receive a supplemental payment.

Sincerely,

Philip A. Pahigian
Managing Trustee,
The United States Gypsum
Asbestos Personal Injury Settlement Trust
